*Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

Melrose Books. Paperback. Book Condition: new. BRAND NEW, Regulbium, Malcolm Saxton, This book will prove fascinating to all of those who know or have ever visited Reculver Towers, these being now all that remain of the huge minster and monastery named Regulbium by the Roman Invaders. Local myths and legends, that over the centuries have come to be associated with these iconic remains, are all within these pages: the screaming baby heard in the ruins, the cowled monk perambulating through the minster on the nights of the full moon and being seen along the lonely dykes, and sea creeks among the Romney Marsh sheep as of old. Saxton chronicles the life and times of Abbot Brithwald (Breitwald), who strides like a giant through each page, and his struggles in keeping alight the faith of Christ in this place. From being plagued by Mad Barbara, the cackling witch of Romney Marsh, to his stand against the resurgence of Wicca, by a congregation in mortal terror of contracting the rampaging Black Death, Saxton has written a page-turner guaranteed to leave you wanting more. Breitwald, to spell his German name correctly, achieved much at Regulbium. He founded a Masonic Lodge and instituted craft apprenticeships, not to mention a printing Bauhaus thereby laying the firm foundations for what became eventually the University of Kent.
