*The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

St Martin's Press. Paperback. Book Condition: new. BRAND NEW, The Elysium Commission, L. E. Modesitt, A brilliant scientist on the planet Devanta has created a small universe contiguous to ours - and a utopian city on one of the planets. The question becomes, though, an utopia for whom? And why is a shady entertainment mogul subsidizing the scientist? More critical than that, does this new universe require the destruction of a portion - or all - of our universe in order to grow and stabilize? Blaine Donne is a retired military special operative now devoted to problem-solving for hire. He investigates a series of seemingly unrelated mysteries that arise with the arrival of a woman with unlimited resources who has neither a present nor a past. The more he investigates, the more questions arise, including the role of the two heiresses who are more - and less - than they seem, and the more Donne is pushed inexorably toward an explosive solution and a regional interstellar war.
