David Bainbridge is a vet with a particular interest in evolutionary zoology - and he has just turned forty. In clear, engaging and amiable prose, Bainbridge explains the science behind the physical, mental and emotional changes men and women experience between the ages of 40 and 60, and reveals the evolutionary - and personal - benefits of middle age, which is unique to human beings and helps to explain the extraordinary success of our species. Middle Age will change the way you think about mid-life, and help turn the crisis into a cause for celebration. This item ships from multiple locations.
