Brand New Book ***** Print on Demand *****.Baby Boomers experienced a world growing up that is very different from the one we live in today. Some say it's better, and some say it's worse. We can all agree it's very different. These are humor columns about being a Baby Boomer. Baby Boomers came of age in a time when there were water fountains instead of hydration stations. Our childhood was filled with playing outside. When we were forced to stay inside it was tantamount to being punished. We spoke to people in person and understood body language. There was no cyber world. We all had to learn how to deal with reality. There were no computer games. There were pick-up sports based on who had a baseball, football, basketball or other sports equipment. Playing a game depended on if the sports equipment owners were willing to share. Card games were played with real cards. We camped out without adults, went on bike hikes, swam in creeks and more. Now we're middle age or older. Our bodies are changing, and the world around us continues to make less and less sense. This book is about the many common things experienced by Baby Boomers. Just like the song from the group The Who, I'm Talkin' bout my generation.
