Index 88 1. Introduction In the face of the economic, political, and social problems resulting from world-wide inflation, theories of the price index have gained new attention. This newfound interest in price indices stems from the fact that all such indices are designed to serve as yardsticks for measuring the price behavior of goods and services. That is, all price indices relate to the concept of the purchasing power of money. If prices increase, then the value of the unit of money declines, i. e. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
