FREQUENCY OF LARGE MAMMAL VISITS TO A FOREST CLEARING

VDM Verlag. Paperback. Book Condition: New. Paperback. 88 pages. Dimensions: 8.7in. x 5.9in. x 0.2in. Forest clearings are known to be extensively used by many species of birds and terrestrial wildlife, especially large mammals. However, there is now an urgent need for a shift in emphasis towards activities of a broader and more management-related nature, so that the conservation of the Campo Maan National Park can be developed in a sustainable way. This may be achieved alongside great economic benefit to...
