Design Your Own PC Voice Control System

By Richard Harwood

Elektor Verlag Feb 2012, 2012. Taschenbuch. Book Condition: Neu. 23.5x17x cm. Neuware - In the 21st Century, we increasingly want to simplify the control of the real things that affect our daily lives! 'Don't you feel it's just about time we could simply talk with computers and get them to handle some of the everyday house automation tasks - lights, doors, gates, curtains, televisions, music and other domestic appliances Or even make the information super-highway slicker by talking with you and telling you about the information you requested to be retrieved from the web Think of all the time and trouble you could save - no more need to install yourself at a desk and fumble about with keyboard and mouse. Well now you can! Wouldn't this conversation scenario be so compelling User: 'Computer, turn on hall lights' Computer: 'Hall lights on' Well, read on, and by the end of this book you will have the knowledge and detailed instruction on how you can control all of the above of your own at very, very little cost. This book details a project which will enable you to instruct your computer using your voice and get it to control electrical devices,...
