*It is really an remarkable ebook that we actually have ever read through. I actually have study and i also am confident that i am going to gonna study once more yet again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*

In so doing I may indeed fill some small part of an infinitely greater blank, across which you may conceive me to have stretched my canvas for the first frank portrait of my friend. The whole truth cannot harm him now. I shall paint in every wart. Raffles was a villain, when all is written; it is no service to his memory to glaze the fact; yet I have done so myself before to-day. I have omitted whole heinous episodes. I have dwelt unduly on the redeeming side. And this I may do again, blinded even as I write by the gallant glamour that made my villain more to me than any hero. But at least there shall be no more reservations, and as an earnest I shall make no further secret of the greatest wrong that even Raffles ever did me.
