

## Explaining Indian Democracy: A Fifty-year Perspective, 1956-2006: Volume III: The Realm of the Public Sphere: Identity and Policy

By Lloyd I. Rudolph and Susanne Hoeber Rudolph

Oxford University Press, New Delhi, India, 2008. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. The essays in the three-volume series, Explaining Indian Democracy: A Fifty-Year Perspective, 1956-2006, span over five decades of the Rudolphs' scholarship on Indian politics. The first published essay analyses the results of one of the first random sample surveys done in India. The last argues for methodological pluralism and situated knowledge in American political science as against the universal methodological and knowledge claims of rational choice. The essays in The Realm of the Public Sphere: Identity and Policy, like those in its companion volumes, The Realm of Ideas: Inquiry and Theory and The Realm of Institutions: State Formation and Institutional Change, contextualize and assess the democratic experience in India. The chapters in The Realm of the Public Sphere, the last of the three volumes, examine varieties of identity politics: caste, region, and student; interpret two lives, Mahatma Gandhi and the diarist Amar Singh; analyse the formation and consequences of US policy for South Asian states; and show how the Rudolphs interpreted Indian politics, events, and personalities in American journals of opinion. Size: 14 Cms x 22 Cms.
