Xlibris Corporation, United States, 2012. Paperback. Book Condition: New. 221 x 150 mm. Language: English Brand New Book ***** Print on Demand *****.The book, titled Orion s Highway Across the Galaxy, is about an alien from a distant planet assigned to help mankind by making specific individuals in the past become famous. His name is Enoch and he is a distant cousin of the human race. Gifted with certain skills, he is able to help Nostradamus, Mozart, and Dr. Christiaan Barnard gain the recognition that they richly deserved. With a life span of twelve hundred years, Enoch is capable of accomplishing many goals set forth by his superiors. The only goal that he cannot successfully complete is to make a decision to marry Beena, the red-haired beauty whom he loves, or to marry Brianna, the beautiful blond that had his child out of wedlock. The story line unravels universal mysteries about the feasibility of space flight at warp speeds, a decoding of the Bible that shows when the Great Flood occurred, and the purpose for the construction of the Great Pyramid at Giza. The story of Enoch is fictitious, but the mysteries are very real according to the author s beliefs. The author s proof is based upon observations and the math skills he acquired as a degreed electrical engineer.
