A ship or boat must have ballast to prevent it from oversetting. The sinews are the tendons that move the joints of the body. The tendon of the heel is the main sinew that moves the foot. From the shoulder to the elbow there is only one bone in the arm, but from the elbow to the hand there are two bones. The light is on one side of the body, and the shadow on the other. In old times there was no glass for windows. The farmer winnows chaff from the grain. The callow young means the young bird before it has feathers. Fallow ground is that which has lain without being ploughed and sowed. A shallow river will not float ships. Some places in the Ohio are at times too shallow for large boats....
