The Tooth Fairy graciously leaves a reply that she will be visiting her school class on Friday to answer her questions. The class with the Tooth Fairy is an excellent opportunity to teach children all about their teeth-what each tooth does, what they are called, when they come out, why they come out, and how to practice good dental hygiene. She even teaches them a few facts about the teeth of some favorite animals. She leaves each of the children a talking toothbrush that tells them how to brush their teeth and explains why checkups are very important. The story is magical and exciting and answers questions most children would like to ask the Tooth Fairy.
