Partridge Publishing, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Human Resource Development in Education is a treatise that will be useful not only for the managers, principals, and appraisers but also benefit the teachers by making them aware of their pious duties toward the students and their parents expectations in particular and the entire society in general. This book highlights the significance of providing in-service opportunities for higher education to the teachers and paving effective ways to appraise their efficiency and proficiency thereafter and making further arrangements for their need-based in-service or on-job training if need be for their professional development. The writer has been a successful teacher and educational administrator. We feel this book will prove to be a milestone in the management of education. But we do not claim it to be a...
